ATTACHMENT B
**Interim Report and Recommendation to the Faculty Senate from the Ad Hoc
Promotion Portfolio Review Committee.**

The Chair of the committee requested a list of recognized peer institutions from the UNA Office of Research, Planning, and Assessment. We were provided a list that includes: Angelo State University (Texas Tech System), Auburn University at Montgomery, Austin Peay State University (TN), Fayetteville State University (NC), Jacksonville State University, Nicholls State University (LA), Northwestern State University (LA), State University of West Georgia, Tarleton State University (TX), and University of North Carolina at Pembroke. Of the ten (10) universities provided, we were unable to find clear criteria, procedures, and policies for promotion at Jacksonville State University. After reviewing the policies and procedures for the remaining nine (9) universities and initial dialog with selected administrators, the committee recommends the following:

- A university-wide portfolio review committee, drawn from all faculty constituencies*, to serve in an advisory/supervisory capacity. Duties of the committee may include, but are not limited to
 1. Reviewing tenure and promotion portfolios for content.
 2. Reviewing procedures/processes for adherence to stated policies with respect to tenure and promotion criteria.
 3. Insuring the missions, learning objectives, and goals of the University, various Colleges, and specific Departments are being met in concordance with one another with respect to tenure and promotion criteria.
 4. Recommending, or not doing so, candidates for tenure and promotion.
- Said committee should be placed between the Deans and the VPAA.
- Said committee should have nine (9) members. These members will be selected in the following way:

A minimum of one (1) member from each constituency and at-large faculty to finish constituting the committee, with the Chair selected by the currently-serving committee members. After the inaugural year, the Chair must be a second-year member.

- Said committee should be made up of tenured Associate and Full professors.
- A pool of **ALL** tenured professors at the Associate and Full ranks should be formed.
- The President of the University should annually select members from said pool for said committee to serve for two (2) academic years. At the end of the inaugural year, four (4) members will rotate off the committee. Every year thereafter, members finishing a two-year term will rotate off the committee. No faculty member is to be appointed for subsequent terms until the entire pool has been exhausted. Only then may professors be appointed to serve another term. Exemptions from service should be granted in cases of extreme exigency and then only for one (1) term. Faculty may not serve on the committee while applying for promotion.

While these recommendations in no way constitute a definitive product, they do give the University community a place to begin dialog, and the committee recommends the Faculty Senate continues to pursue the development of a promotion portfolio review committee similar to those found at our peer universities.

** The constituencies have been identified as the four (4) Colleges and Library/ Educational Technology Services faculty for a total of five (5).*
