Remarks from President Kitts: President Kitts began his remarks by announcing that the Alabama Department of Education recognized Kilby School as a top performing school in the state. Recent benchmarks (99/100 Overall Score and 100/100 on Academic Achievement and Academic Growth) were highlighted in the report.

The President discussed preliminary enrollment numbers for the Spring, 2018 semester and suggested that current enrollment numbers were positive relative to Spring, 2017 and student retention data from Fall, 2017 to Spring, 2018 also appeared positive. February 4th is the official census date for the Spring, 2018 data.

President Kitts discussed fundraising efforts associated with the current UNA campaign. UNA's expanded goal of achieving 35 million dollars in gifts from 2016-2019 is very much achievable as the campaign currently stands at 34.2 million dollars with two significant gifts likely forthcoming.

The President concluded his comments by discussing his January 31st visit to Montgomery as part of the ongoing Project 208 initiative. The Governor's proposed budget identifies a 3.48% increase for all schools but such does not reduce the historical inequity in funding that has negatively affected UNA. The President suggested that increased state funding would be applied to a COLA increase for faculty/staff.
