

You reported on your 2023-2024 Free Application for Federal Student Aid (FAFSA) that you have children who receive more than half of their support from you. Federal regulations state that before awarding Federal Student Aid, students may be asked to confirm the information that was reported on their FAFSA. To make sure that no mistakes were made, we will compare your FAFSA with the information on this institutional verification document. If there are differences, your FAFSA information may be updated electronically. You must complete and sign this verification form and submit it along with any other requested documents to the Office of Student Financial Aid before your financial aid will be processed. **All required**
