However, Mr. Shields indicated he would provide to Chair Lee a copy of the minutes from the last meeting of the Safety and Emergency Preparedness Committee which will illustrate actions the committee took relative to the Campus Safety Task Force Report. Dr. Infanger made a motion and Mr. Carter seconded the motion to recommend to President Kitts that for 2016-17 and to revisit in 2017-18, the Associate Vice President for Enrollment Management replace the Vice President for Enrollment Management on committees where that person serves in a by position placement, on the committees that report to that position, and that the associated changes be made to the Shared Governance Document. The motion was approved unanimously.

Information Item: Disbandment of Interdisciplinary Studies Degree Committee

This was an information item that required no action from the Committee since this is a committee that exists outside of the shared governance structure. However, Chair Lee explained that now that the Department of Interdisciplinary and Professional Studies is a part of the College of Arts and Sciences, conforms to the curricula development processes of the college, conforms to a traditional administrative reporting structure, and is part of a broader program of academic outreach, the work of the Interdisciplinary Studies Degree Committee is no longer needed at this time and the committee will disband at the conclusion of the 2015-16 academic year.
