It is in the best interest of the entire university community to sanction any individual who chooses not to accept the principles of academic honesty by committing acts such as cheating, plagiarism, or misrepresentation. Parental Notification Policy

A Family Educational Rights and Privacy Act (FERPA) amendment adopted in the fall of 1998, permits colleges and universities to inform the family of a student under 21 years of age when their student has been found in violation of university alcohol or other drug policies and/or in case of a health or safety emergency.

The University of North Alabama is concerned about the use of alcohol among minors and recognizes that parents are important partners in student success. As such, Student Conduct procedures include parental notification once a student under the age of 21 is found in violation of university alcohol or other drug policies and/or in case of a health or safety emergency.
